SEED VENTURE FINANCE CLOSES AN INVESTMENT IN JET PRODUCTS LLC

SEED Venture Finance LLC announced that it provided \$500,000 in financing for Jet Products LLC or East Bridgewater, MA. The funds will be used to purchase substantially all of the assets of Jet Products, Inc. and to provide working capital. The investment was made in the form of a Subordinated Note with detachable warrants.

Jet Products Inc. provides quality on-time delivery of high tolerance machined parts primarily for the aerospace and medical device markets. The company is located in East Bridgewater, MA and was incorporated in 1966.

“We are pleased with the opportunity to support Jet Product's management as it develops its business and positions the company for continued success. The financing of Jet Products is an example of how SEED Venture Finance's junior capital can compliment senior financing” stated Tom Wooters, Investment Manager for SEED Venture Finance. SEED Venture Finance facilitated the closing of the Jet Products acquisition by funding the purchase of goodwill that the company's senior lender would not finance.

SEED Venture Finance can provide funds to borrowers beyond what a senior lender, usually a bank, is willing to lend. A senior lender typically will lend up to some limit based on the borrower's financial condition and available collateral. Once that limit has been reached, the bank may not be willing to provide additional capital. SEED Venture Finance can provide the additional capital a company requires for an acquisition, growth financing, permanent working capital, restructuring or other purposes.
